

Lift, Shift, Align, Level & Plumb! Holds up to 300 pounds

Replace your pry bars,
wooden shims and other lifting or
adjusting tools with the

AIRSHIMTM INFLATABLE PRY BAR & LEVELING TOOL

- **CONTRACTOR-GRADE** inflatable air wedge for window, door and cabinet installations
- **300 LB LOAD RATING** safely handles full-size installations with just a single installer, saving time and labor costs
- **ROUNDED EDGE AND FIRMFLEXTM INTERNAL STIFFENER** gets into tight 3/32" gaps and won't fold under pressure; durable, no-scuff cover leaves no marks
- **WIDE 2-1/2" GAP SPANNING CAPACITY** means greater lifting or pushing range and more versatility on the job or around the house
- **EASY ONE-HANDED OPERATION** using simple squeeze pump and precise bleeder valve lets you raise and lower to perfect alignments

You can even use it to pry objects apart (like fragile baseboards and trim from a wall) without damage. For some challenging jobs, like leveling windows, doors or heavy appliances, using more than one AirShim is recommended.

Model 1190

CONTRACTOR-GRADE

CERTIFIED CONTRACTOR-GRADE — Compression tested by SGS with a load of 300 pounds held for 60 minutes with no damage, cracking or notable leakage.

The AirShim is a great labor and time-saving device that helps a single user do the work of two people!

Who's It For?

Interior construction professionals, installers of appliances and small equipment, window and door installers, other skilled craftsmen and serious DIYs.

What Jobs Can I Use It For?

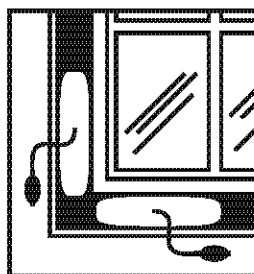

Appliances, beams, cabinets, doors, equipment, furniture, HVAC, plumbing, joists, countertops, mantels, bathroom fixtures, curtain walls, flanges, windows, and more!
