

D. Swing Jaw™ Tubing Clamps

For All Flexible Tubing

Zinc-plated steel clamp provides a non-slip closure for all flexible tubing – even heavy-walled vacuum lines. A knurled nut compresses against a swinging jaw with smooth clamping surfaces. Can be installed and removed without disconnecting tubing. **3 per bag, 12 bags per case.**

STEEL

CATALOG NO.	FITS TUBING UP TO:
H18220-0000	10mm (3/8") O.D.
H18221-0000	15mm (1/2") O.D.
H18222-0000	20mm (3/4") O.D.

E. Screw-Clamp Compressor

No-Slip Jaws

Strong, open-jaw type nylon tubing clamp accepts any tubing up to 6.4mm (1/4") O.D. Angled jaws prevent tube from slipping out. **12 per bag, 6 bags per case.**
