IDEAL Electrical's DEADEYE™ Collection delivers the highest quality power cutting tools on the market. We take pride in creating innovative, accurate and long-lasting products so you can take pride in your work.

DEADEYE™ Carbide-Tipped Hole Cutters offer the best cost-per-cut advantage and premium features making cutting through the toughest metals simple, fast and efficient.

Advanced designs including the integrated arbor, SmoothStart™ pilot bit and multi-directional carbide teeth ensure the quickest and most accurate cutting, even on aggressive materials. High-quality materials and coatings including tungsten carbide teeth and DEADEYE™ finish pilot bit provide the ultimate longevity.

PROVEN SUPERIOR QUALITY WITH THE BEST COST SAVINGS ADVANTAGE

*Based on internal testing, report dated 11/10/2020

TAKE PRIDE IN YOUR WORK

DEADEYE™ Carbide-Tipped Hole Cutters feature our most advanced design allowing for multiple continuous cuts in aggressive materials without overheating.

When tested in heavy gauge stainless steel, DEADEYE™ Carbide-Tipped Hole Cutters work faster and remain cooler preventing discoloration caused by overheating the metal.

For high quality and a professional end result, choose DEADEYE™ Carbide-Tipped Hole Cutters.

MAGNETIC CHIP COLLECTOR

The DEADEYE™ Magnetic Chip Collector securely attaches to magnetic surfaces and collects metal chips while cutting.

- Works with up to 2-1/2" diameter cutters
- Minimal profile provides improved visibility and access to workspace
- Integrated keychain loop

DESCRIPTION

DEADEYE™ Magnetic Chip Collector

PART

36-815

Protects exposed wires, cables and equipment from hot, sharp metal

Prevents hot metal chips from falling on exposed skin

Keeps workspaces clean and free from debris
