

Siliconized Pipet Tips

Universal fit that will provide an absolute seal on these single channel pipettors. *Siliconized Pipet Tips are not recommended for autoclaving.*

Siliconized Pipet Tips Benefits:

- Specially formatted siliconized polypropylene to help eliminate sample residue and cross-contamination
- Allows for precise and complete sample delivery
- Ideal for use in DNA and Thermal Cycling Procedures
- Low adhesion surface assures complete transfer of samples
- Prevents protein or nucleic acid adherence
