Application / Additional features

Type 196 and Type 96 M:
For progressive contractors who subject their tools to extremely demanding conditions and need to

measure in all positions – for example: bricklaying, carpentry, concrete, window installation, road construction, and landscaping.

Type 196 and Type 96 M:
Dual material handholes for comfort and grip.

Type 96 M: Rare-earth magnet system - for extra-strong grip to metal objects. The magnets in the 78" level are positioned to grab hinge leaves in pre-hung doors.

Vials read the same in all positions

Type 196 LED:
For craftsmen who often work in dark or in poor visibility conditions.

Type 196 LED: Removable battery replacement packs.
