

NECK AND FACE WARMING BANDS

Stay Warm on Cold Days with Double-Layered Face Protection

Klein Tools' Neck and Face Warming Band (Cat. No. 60455) and Half-Band (Cat. No. 60466) provide double-layered face protection and warmth in cold weather conditions. The Warming Band has a full layer of fleece on the inside and a layer of anti-odor treatment fabric on the outside. The Warming Half-Band features two layers of anti-odor treatment fabric on the top and warm single layer of fleece on the bottom. Both warming bands offer double-layers as a face covering for ultimate protection from the cold.

20"
(50.8 cm)

Inside layer is lined with breathable fleece for warmth and protection

Outside layer is made of moisture-wicking, anti-odor treatment

Finished edges won't fray and provide a secure fit

Double-Layered

Machine Washable
