FOAM AND REUSABLE CORDED EARPLUGS

Klein Tools expands its Personal Protective Equipment lineup with the addition of Foam Earplugs and Reusable Corded Earplugs. These earplugs help reduce exposure to hazardous noise and other loud environments. The reusable CORDED earplugs (with soft, pre-molded triple flanged design) and soft disposable FOAM earplugs conform to the ear canal for optimal comfort and a snug fit. Both Klein Tools earplugs are tested in accordance with ANSI S3.19-1974 standards.

ANSI S3.19-1974 TESTING

	Frequency (Hz)	125	250	500	1000	2000	3150	4000	6300	8000	NRR	CSA CLASS
Foam Earplugs	Mean Attenuation (dB)	41.7	41.0	45.4	41.3	38.3	41.1	42.0	48.6	48.1	33	AL
	Standard Deviation	4.5	5.1	4.7	3.3	2.6	3.3	3.3	3.5	3.4		
Reusable Corded Earplugs	Mean Attenuation (dB)	32.7	30.6	35.1	31.9	37.0	40.2	42.4	45.0	46.8	25	
	Standard Deviation	5.3	5.3	5.6	3.9	3.7	5.1	5.7	5.1	4.9
