Applications	• Heavy Duty protection on rugged surfaces • Pulling wire and trimming outlets while kneeling on concrete	• Wear for indoor and outdoor tasks. • Great on hard, uneven floors like concrete, linoleum, etc.	• Wear for indoor and outdoor tasks. • Great on hard, uneven floors like concrete, linoleum, etc.	• Great for kneeling on rough, hard surfaces. • Crawling in tight spaces. • Perfect for roughing/splicing/trimming outlets. • Pulling wire, measurements/layout.	• Use while kneeling on smooth, hard surface. • Crawling in tight spaces. • Perfect for roughing/splicing/trimming outlets.
Padding	Gel and Foam	Multi-layer Gel	Gel and EVA Foam	Neoprene Foam	EVA Foam
Padding Benefits	Pocket contours to the natural shape of the knee to maximize pressure distribution	Lightweight multi-layer pressure absorbing gel padding system	Pressure dispersed with gel and EVA foam that cushions the knee	Triple layer protection with interior neoprene foam padding for all-day comfort	Flexible EVA pad contours to leg shape for seamless fit
Shell Benefits	Large surface provides stability and rounded edges provide agility when moving side to side	Durable slip-resistant rounded synthetic rubber caps for ultimate stability while allowing side-to-side mobility	Slip resistant rubber caps to grip kneeling surface for enhanced stability and balance	—	—
Closure Type	• 2 straps • Quick-fasten buckle • Adjustable hook & loop straps	• 2 straps • Quick-fasten buckle • Adjustable elastic straps	• 2 straps • Quick-fasten buckle • Adjustable elastic top strap	• No buckles or straps • Slide on leg for a second-skin fit	
Special Features	• Hinged thigh strap • Durable metal rivets	• Hinged above the knee	• Lightweight	• Wear under or over pants for all day wear • Breathable mesh back	
Sizes	Universal	Universal	Universal	S/M, M/L, L/XL	S/M, M/L, L/XL

Standard and Large Kneeling Pads have 1" thick resilient foam that doesn't stay compressed. Closed-cell foam (NBR) is resistant to petroleum and is silicone-free. Convenient handle is great for transporting or storing. Indoor or outdoor use and hand washable. Beveled safety edge with orange stripes provides visual and tactile awareness of edge (Large Kneeling Pad 60136).

Heavy Duty Knee Pad Sleeves provide triple layer protection and all day comfort. Unique, compact design keeps knee pads close to the body and centered for a second-skin fit, allowing agility for working in tight spaces. Stay cool and comfortable with the lightweight, breathable mesh back. Can be worn under or over pants. Perfect for the jobsite and weekend tasks. Sizing chart available online.

Lightweight Knee Pad Sleeves provide all day comfort. Unique, compact design keeps knee pads close to the body and centered for a second-skin fit, allowing agility for working in tight spaces. Flexible EVA knee pad contours to leg shape for seamless comfort. Stay cool and comfortable with the lightweight, breathable mesh back. Can be worn under or over pants. Perfect for the jobsite and weekend tasks. Sizing chart available online.

Heavy Duty Hinged Knee Pads provide a durable, comfortable knee pad solution for the most rugged and tough environments. The gel and foam padded pockets maximize pressure distribution for ultimate comfort. While the large, rounded knee pad surface offers stability and agility when moving side to side for the best on the job performance. Quick-fasten buckle and hook and loop strap on top hinge and bottom ensure a secure fit. Perfect for jobsites requiring all-day heavy duty knee protection.

Hinged Gel Knee Pads are designed for all-day comfort and protection for the toughest jobs. The top strap is positioned above the knee to keep the pad centered in place. The multi-layer gel padding system is designed to support the knees and to reduce pressure and fatigue after all-day wear. Heavy duty synthetic rubber knee caps provide ultimate protection while allowing for side-to-side mobility. Quick-release clips and adjustable elastic straps allow for easy on/off.

Lightweight Gel Kneepads have slip resistant rubber caps to grip kneeling surface for enhanced stability and balance. Gel and EVA foam cushions the knee to help disperse pressure while kneeling and reducing wearer fatigue. Straps cinch tight for a comfortable, snug fit.
