SELF-LEVELING CROSS-LINE LASER LEVELS

The Klein Tools Self-Leveling Cross-Line Laser Levels are high-performance laser leveling and alignment tools for professionals. These levels provide a reliable pendulum self-leveling system with clear, bright green or red laser level lines and a 90-degree vertical plumb spot. Equipped with an integrated magnetic mount that rotates 360-degrees and an additional clamp-on wall adapter for ceiling grids, Klein's cross-line levels enable a multitude of alignment and layout applications.

CAUTION
LASER RADIATION:
DO NOT STARE INTO BEAM
Max. Output ≤ 1mW
Wavelength: 515-530nm (Cross Lines)
630-680nm (Plumb Spot)
