

100' CLOSED REEL LONG TAPE MEASURE

Durable, professional-grade 100' steel reel tape measure that is designed for both the jobsite and DIY users

Klein Tools 100' Closed Reel Long Tape Measure has enhanced dependability and durability due to its impact resistant materials and design. All metal parts are corrosion resistant. The planetary gears allow for a quicker return speed with a 3:1 gear ratio. The steel tape features standard measurements graduated in 1/8". It can measure longer distances up to 100 feet. Ideal for outdoor use and can be easily transported with convenient belt clip or lanyard (lanyard not included).
