Collapsible Reel

Collapsed view of Reel

In three sizes to suit many needs. Reel forms a round coil which can be tied before collapsing. The coil off-loads to front. Chart below shows capacity information to help you select correct Reel (lengths are approximate).

REEL	1/4" dia. Material	1/2" dia. Material	3/4" dia. Material	1" dia. Material
No. 10 16" I.D.	4800'	1200'	550'	300'
No. 99 12" I.D.	2200'	500'	250'	not recommended
No. 200 8" I.D.	550'	125'	not recommended	not recommended

Shipping Weights:

No. 10	29 lbs. (13 kg)
No. 99	21 lbs. (9.5 kg)
No. 200	8 lbs. (3.6 kg)
