

AcuSplitCT Series 200/400/600A

Hinged Split Core Current Transformers

The Accuenergy hinged split core CTs are compact and low-cost current transformers with high accuracy. Designed with a single-click installation mechanism, the hinged CTs are ideal for quick and easy installation without disconnecting cables. The compact size is perfect for limited-space panels.

SPECIFICATIONS

Rated Input & Output	333mV@ 200/400/600A AC
Accuracy	0.5%
Frequency Range	50-1KHz
Window Size	1.38 Inch
Case Material	Black Nylon
Rated Voltage	600 Vac, Category III
Note: Do not use 600V class CT in application with voltage greater than 600V L-L	
Operating Temperature	-15°C - 60°C
Certifications	UR & CE approved, RoHS compliant
Lead	White-Positive, Brown-Negative, Bare-shield; 26AWG
