

ULTRALITE SERIES

The Cementex UltraLite Series takes innovative design and the latest and greatest technologies to make the lightest, most comfortable Arc Flash PPE Task Wear available. The gray color allows for easy recognition of contaminated areas and has significantly cooler feel in the outdoor sun (also available in navy). With many of the usefull benefits of the "Feature Series"; Cementex UltraLite Task Wear is proudly Made with USA labor and materials to insure quality, and peace of mind.

An industry leading, light weight series loaded with features:

- Meets current ASTM F1506 standards
- Meets current ASTM F1959/F1959M-99

11 and 12 cal/cm² Task Wear

Innovation and the lightest most comfortable Arc Flash PPE Category 2 Task Wear available. Designs created after years of first-hand market research.

Balaclava Hooded Long Sleeve T-Shirt

- Long Sleeve T-Shirt portion of the garment is an airy, comfortable blend that is oversized to fit comfortably over the top of daily wear.
- Attached balaclava hood is designed to be comfortable when worn "up" for Category 2, or "down" for Category 1.
- By combining these task wear garments into one unit you can assure your balaclava is always WITH your PPE Kit.
- Indura Ultra-Soft® Knit Material
- Nomex® knit wrist cuffs

Pant:

- Simplicity with attention to detail
- Indura Ultra-Soft® material
- FR hook and loop ankle adjustment
- High elastic waist for comfort and ample overlap with shirt and/or coat
- 2 "Slash Pockets" for access to daily wear
