

AUT600 FLEET Maintenance Kit

This special value FLEET Kit is assembled to provide all the automotive testing/troubleshooting needs for trucks, buses, and RVs with AC auxiliary power systems.

1.2" (30mm) jaw size allows DC Current measurements in tight locations

Non-contact quick check for hot spots in automotive applications

TRMS functions give accurate readings of AC auxiliary power and battery back up systems

Kits Include:

- EX505 — Industrial grade, CAT IV-600V, waterproof (IP67), drop-proof multimeter with True RMS functions
- DC400 — 400A DC mini clamp meter with 1.2" (30mm) jaw opening, ideal for automotive, heavy equipment and marine DC current measurements
- 42510 — Mini IR Thermometer for non-contact temperature measurements on surfaces that are too difficult to reach (-58 to 1000°F/-50 to 538°C)
- Accessories — Test leads, Type K bead wire probe, Type K to banana input adapter, batteries, and case

Specifications	EX505 Range
AC/ DC Voltage	1000V
Basic Accuracy	0.5%
AC/DC Current	10A
Resistance	40MΩ
Capacitance	100μF
Frequency	5Hz to 1kHz (electrical); 0.001Hz to 10MHz (electronic)
Temperature	-4 to 1382°F (-20 to 750°C)
Duty Cycle	0.1 to 99.9%
Diode/Continuity	Yes
Dimensions/ Weight	7.1 x 3.2 x 2.1" (182 x 82 x 55)/ 12.6oz (360g)

Ordering

AUT600..... FLEET Test Kit

EX505: UL listed, CAT IV & III rating, and IP67
DC400: CAT II rating

UPC Code: 793950300602
