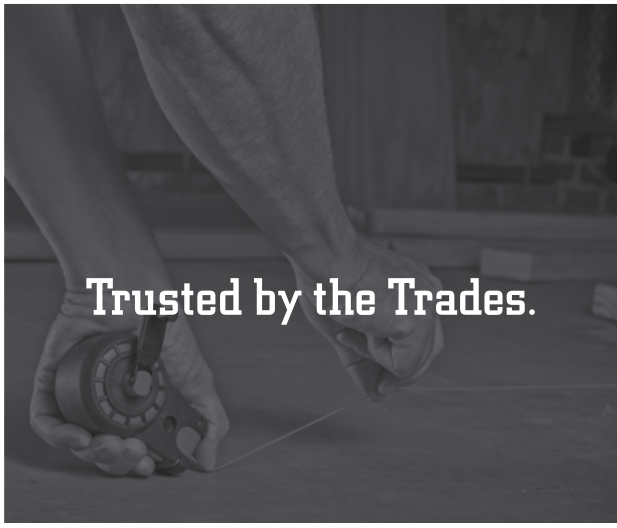
Chalk Reels



CRESCENT Lufkin

Our chalk reel design process: Improve. Repeat. Repeat again.

Our revolutionary new 100-Foot Professional Chalk Reel has three innovative features that put it ahead of any other reel on the market: A one-way valve makes refilling quick and clean, a locking hub makes snaps neat and fast, and a nesting end hook ends tool bag tangles.

The reel also has a 6:1 gear ratio for faster retraction and braided line for better chalk retention.
Use it with new high-visibility Crescent Hard Mark Blue Chalk and get sharp, accurate lines on every snap.
