

Body Rescue Hook Stick

Hook is constructed of high-strength, vinyl-dipped steel and has a 18" wide opening mounted on a 1-1/4 inch O.D. fiberglass pole available in either 6' or 8' length. Each body rescue hook stick is 100% electrically proof tested; must pass a test of 100kV/12" for five minutes without detectable heating.

Compliance: Meets ASTM F711 standard specifications.

Cementex Part Number	Dimensions (Dia. x Length)	Weight (Lbs.)
CPRH-8481	18" (hook) x 6'	7.4
CPRH-8482*	18" (hook) x 8'	8.2

* The 8' Body Rescue Hook Stick requires freight delivery via truck, it cannot ship via UPS.
