

Data Sheet

ELS2

AC Line Splitter

AC current clamp accessory

- Measures current without splitting ac line cords
- Two measurement loops for increased sensitivity, X1 and X10
- Built-in voltage measurement points to check for voltage sags and surges
- Rated for 120 V, 15 Amps
- One-year warranty

No waiting.

No shipping charges.

No hassle warranty

Our commitment to high-quality products and customer service is demonstrated by our industry exclusive "No Hassle" warranty. In the unlikely event that a Meterman test tool requires warranty service, any of our local dealers are authorized to replace it, on the spot.

The ELS2 is for use with all models of clamp meters. It enables the user of a clamp meter to measure the current on a 2-wire or 3-wire power cord up to 15 A without having to cut off the plug and separate the conductors, or opening electrical boxes on 120 V lines. The ELS2 also includes a 10X current multiplier loop for increased sensitivity and accuracy of low-current measurements.
