

# LINESET CLEANER

The hilmer Lineset Cleaner uses a pressurized source to launch a foam pig into the lineset to wipe the pipe clean of contaminants and remaining refrigerants.

## Picture-Perfect Cleaning

Simply connect the correct nozzle, chamber the corresponding pig size, connect to a regulated compressed nitrogen source, and pull the trigger for a perfectly clean lineset.

## Twice the Versatility

One tool that has the ability to effectively wipe contaminants and remaining oil from linesets ranging from 1/4" to 1-1/8".

## Premium Care

The rinseable/reusable foam cleaning pigs are specially formulated and manufactured to flow through normal lineset configurations and most deformations.

1/4" Nozzle  
HLN014

1/8" Nozzle  
HLN118
