

Heat Sealer with Cutter

Quickly and efficiently seal polyethylene or polypropylene bags, sheets or flat tubing from 0.01 to 0.8 mm thick. Sliding blade removes excess material 19 mm from the seal.

- Timing knob ensures safe sealing. Simply turn knob to set time (1-8 seconds), press handle down and remove when light indicates cycle is complete
- Heating element is only hot when sealing
- Includes replacement part kit: two extra blades, two extra heating elements and two extra PTFE cloths
- Additional replacement part kits can be ordered separately
- Power cord is 153 cm long; 450 watts
