

UEI SPT1

TEST INSTRUMENTS™ Smoke Test Kit

- High impact barrel
- Includes Smoke Paper and Charts

SPT1 • Smoke Test Kit

An accurate and durable instrument for checking the smoke content of flue gases. Flue gas is drawn through the tester, staining the paper provided. This is compared to the smoke scale, also provided, enabling the serviceman to set the burner to manufacture recommended levels.

**The SPT1
has the following features:**

- High impact barrel
- Stainless steel hardware
- Fits all types of smoke paper
- One year limited warranty
