Take work home with you – every day.

The 3M line of Safety Sunwear brings heavy-duty protection to a sleek, solid design. Ideal for nearly all types of harsh work environments, this expertly crafted protective eyewear includes impact-resistant polycarbonate lenses that absorb 99.9% UVA and UVB.

Safety Sunwear offers the kind of protection that gives you confidence to get the job done — whether you're working in environments that subject you to potentially dangerous elements like dust, debris, or exposure to the harmful rays of the sun. It's the same consistent and superior quality you've come to expect from 3M, with the added bonus of a bold new look.

And while your work may be challenging, it's possible a greater challenge for you awaits: choosing from Safety Sunwear's collection of ten different eyewear styles. Once you start wearing Safety Sunwear, you may never want to leave work behind again.

1500-Series

The 1500-Series ends the myth that protective eyewear needs to be heavy, bulky, and dull. These glasses bring the look of protective eyewear into high gear. Whether you're on the job or off the clock, you'll appreciate the streamlined frame design and lightweight fit. This series features a removable foam-lined gasket that helps provide cushioned protection against impact, sun, wind, and nuisance dust. There are several different colors to choose from, each with a perfect blend of comfort, performance, and design.

- A. Black Frame, Gray Anti-fog Lens (SS1502AF-B)
Black Frame, Gray Polarized Anti-fog Lens (SS1511AF-B)
- B. White w/Black Accent Frame, Gray Anti-fog Lens (SS1502AF-W)
- C. Black w/Green Accent Frame, Silver Anti-scratch Lens (SS1514AS-B)
- D. Silver w/Black Accent Frame, Silver Anti-scratch Lens (SS1514AS-S)

BOLD NEW DESIGN

1300-Series

The 1300-Series takes 3M protective eyewear to new stylistic heights. Featuring a lightweight sporty look with a wraparound frame, these tough protective lenses blend comfort and clarity. The confidence in protection they deliver is matched only by how confident you'll look wearing them. Choose from gray, red, or yellow mirror lenses, and see your future in protective eyewear.

TESTED PERFORMANCE, WITH ATTITUDE

1400- and 1600-Series

Silver Aluminum Frame, Blue Mirror Anti-scratch Lens (SS1428AS-S)

Black Frame with Color-accented Temples, Red Mirror Anti-scratch Lens (SS1629AS-B)

The 1400-Series, simply put, is like a long ride along a coastal highway: smooth, clear, open. Featuring a half-rim design with wraparound aluminum frame, adjustable nosebridge, spring-hinged temples, and blue-mirrored lenses, these glasses come complete with a microfiber storage bag.

For design and comfort, the 1600-Series goes the distance. Combining the eye protection you've come to expect from 3M with a smart new style, these glasses will have you feeling confident before, during, and after work. Featuring a sleek wraparound design with soft nose pads, color-accented temples, impact-resistant polycarbonate and anti-scratch lenses, the 1600-series is expertly crafted with both safety and style in mind.
