

# WAD 101 Set

Hot air station, 1 channel 105 W / 230 V  
Product no.: T0053266699N

## Benefits

- › Hot air station, 1 channel with HAP 1 soldering iron
- › Small hot air set
- › For hot air irons or soldering irons upto 100 W

### Technical Data

|                                        |                                                      |
|----------------------------------------|------------------------------------------------------|
| Dimensions L x W x H (mm)              | 175 x 135 x 102                                      |
| Dimensions L x W x H (inches)          | 6,89 x 5,31 x 4,02                                   |
| Weight (approx.) in kg                 | 2.4                                                  |
| Voltage                                | 230 V                                                |
| Power                                  | 105 W                                                |
| Channels                               | 1                                                    |
| Temperature range (depends on tool) °C | 50 - 450 (550)                                       |
| Temperature range (depends on tool) °F | 122 - 842 (999)                                      |
| Temperature accuracy °C                | ± 9 (30)                                             |
| Temperature accuracy °F                | ± 17 (50)                                            |
| Temperature stability °C               | ± 2                                                  |
| Temperature stability °F               | ± 5                                                  |
| Equipotential bonding socket           | Via a 3.5 mm jack bush (initial state-hard-grounded) |
| Display                                | LED                                                  |
| Air consumption l/min                  | 10                                                   |
| Operating pressure in bar/psi          | 4/58                                                 |
| Capacity l/min                         | max. 10                                              |
| Vacuum                                 | ---                                                  |
